How it works

It's easy to get started:

- Choose your dental practice and arrange to see them to discuss your Denplan Membership
- Ask your practice team for details of the monthly fee and any additional benefits provided. For example, your dental practice may offer discounts on routine and restorative treatments
- Your payments are collected by us, on your dental practice's behalf, by monthly Direct Debit

Further information, benefit limits, exclusions and full terms and conditions can be found in our Denplan Membership booklet.

Busy life? Need to stay flexible? Expert advice and access to a dental practice is always guaranteed

If your life is really busy then it can be hard to schedule regular appointments and visit your dental practice every six months - even though you know that's the best option.

However, you don't need to take big risks with your dental health and simply 'drop out' of the system.

Denplan Membership balances the need for flexibility, with a 100% guarantee that once you have registered at a practice that offers Denplan you can access your chosen dental practice.

Upgrade when you're ready

Denplan Membership is a great way to stay registered with your favourite dental practice. But you may save more money and keep your teeth in even better condition by switching to our Denplan Care or Denplan Essentials plans if your dental practice offers them. There's also our Denplan for Children. Family discounts may be available if one Direct Debit covers more than one Denplan patient registered on Denplan Membership at the same practice and if offered by your dental practice.
